(54) DOLL

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a doll for changing an expression or the like on the face of the doll by especially making the eye parts of a doll into a display device such as liquid crystal and changing display on the display device.

SOLUTION: Eye parts 200 formed on a main body 100 of doll are composed of display cells of the liquid crystal device or the like, a driving means drives the display cells composing of the eye parts 200, a control means can change the expression on the main body 100 of doll by sending out a control signal to the driving means, and the display cell can be made into light emitting diode as well.
